Please find below a communication from the EXAMINER in charge of this application

Commissioner of Patents

The communication, filed on 4/14/03, is non-responsive to the prior Office action, mailed 2/6/03, because the corrected Brief Description of the Drawings section lacks SEQ ID NOS. for each of the three sequences in Figures 17T, 17U, and 17V. It is noted that three sequences are therein shown in the Figures but only two SEQ ID NOS are set forth regarding Figures 17A etc. Applicants are reformed hereby that a computer readable form sequence listing, paper copy for the specification (or CD-ROM), and statements under 37 CFR §§ 1.821(f) and (g) are required for each sequence in either the specification or Figures. It is also noted that Figures 17A - 17V are present in the Figures but that only Figures 17A - 17B are described in the Brief Description of the Figures section of the specification. Since the response appears to be *bona fide*, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is required to complete the response within a time limit of one month from the date of this letter or as extended as follows. AN EXTENSION OF THIS TIME LIMIT MAY BE GRANTED UNDER EITHER 37 C.F.R. § 1.136(a) OR (b) UP TO A MAXIMUM OF SIX MONTHS.
